

## 🌟 The Crypto That Cares About Animals 🌟

🌍 Save Animals. Build the Future. 🐾

### 🔗 Disclaimer

WAWA is a community-driven cryptocurrency designed to support animal welfare initiatives through blockchain-based voting and donations. However, WAWA is not an investment product, and there are no guarantees of profit, return on investment, or price appreciation.

By purchasing or holding WAWA, you acknowledge and accept that:

- The value of WAWA may fluctuate significantly and could become worthless.
- There is no assurance of liquidity or market stability.
- Participation in the WAWA ecosystem, including voting or holding tokens, does not imply any ownership or equity in any project or organization.

Cryptocurrency markets are inherently volatile, and you should conduct your own research and consult a financial advisor before making any financial decisions. WAWA does not offer any financial or investment advice.

## Introduction:

**WAWA** is a cryptocurrency created with a mission: **to fund real-world animal organizations while building a vibrant, caring and community-powered crypto ecosystem.**

At its heart, WAWA is not just another token. It's a movement that bridges blockchain innovation with compassion for animals worldwide.

## **What is WAWA?**

WAWA is a decentralized ERC-20 token built on the Ethereum blockchain. It was designed to **reward long-term holders** and continuously **support real animal organizations.**

- **Easy Launch:** Simple buying process on WAWA website ([www.wawa-token.com](http://www.wawa-token.com))
  - **Charity Allocation:** 10 % of the total supply is reserved exclusively for animal causes.
  - **Holder-Driven:** Only WAWA holders can participate in key decisions like which associations to fund.
- 

## **How to Buy WAWA during the ICO?**

During the **Initial Coin Offering (ICO)**, WAWA tokens will only be available for purchase by following these steps:

1. **Install** a crypto wallet like **MetaMask**.
2. Go to the ICO section of WAWA website, then click "**Connect Wallet to MetaMask**".
3. **Choose the amount of ETH you want to spend.**
4. Click the "**Buy WAWA**" button and validate the transaction in MetaMask.
5. **Import WAWA contract (0xfA6f33c91EC863437D6b462374e5C2ee61153aba)** to see your balance.

**WAWA ICO** will consist in 3 levels of 3 weeks each. During each level, 10% of the total supply will be available for purchase at a different price. The first price level is 1 WAWA = 0.00000002 ETH. Here are the dates for the 3 ICO levels:

**Level 1: June 7th to June 30th 2025**

**Level 2: July 1st to July 21st 2025**

**Level 3: July 22nd to August 15th 2025**

## How Does WAWA Help Animals? => Nomination and Voting Process

- **Every year before Christmas**, WAWA holders will vote to elect 10 animal organizations to receive funding.
  - This way, **1% of the total WAWA supply will be distributed every year, for 10 years.**
  - Voting will be conducted via **Snapshot.org** — a secure, free-to-use voting platform.
  - **Open Nominations:** Anyone passionate about animals can propose organizations via our social channels.
  - **Holder-Exclusive Voting:** Only WAWA holders are eligible to vote and determine the token distribution.
  - **Top 10 associations will share (pro-rata) the 1% supply** — distributed weekly over 50 weeks — to reduce market pressure and ensure sustainable support.
  - Official **WAWA Partners:** Selected organizations will gain visibility through our social media, blogs, and charity campaigns.
- 

## How Voting Works?

WAWA innovates by combining **long-term holding** with **current community engagement**:

- **1 Live Vote + 4 Random Historical Snapshots** = Final Result.
- Each historical snapshot, plus the live vote, counts for 20 % of the total decision.
- This system prevents last-minute whales from buying huge amounts of WAWA to manipulate votes. **This system rewards loyal and committed holders.**

When you vote:

- After you connect your wallet, **Snapshot.org** will read your balance of WAWA.
  - **1 WAWA = 1 Vote.**
  - You can split your votes among multiple associations.
  - Voting is completely free and takes just a few clicks.
- 

## Why WAWA is Different?

- **Simple, clear and safe ICO** with a fix end date.
- **Sustainable Funding:** Distributions over time prevent sudden selling pressure, protecting WAWA's value and its mission.

- **Community-First:** No central authority decides where the money goes—you do.
- **Transparency:** All votes, fund distributions, and treasury movements are publicly visible and verifiable on-chain.
- **Impact-Driven:** Our goal is simple—**save animals, one vote at a time.**
- **A voting system that rewards loyal and committed long-term holders.**

### Tokenomics:

- **Total Supply:** 100,000,000,000 WAWA
- **Charity Allocation:** 10,000,000,000 WAWA (10% of total supply)
- **WAWA Contract:** 0xfA6f33c91EC863437D6b462374e5C2ee61153aba
- **Distribution Model:** Every Christmas, election of 10 organizations which will share 1% of the total supply distributed weekly across 50 weeks to minimize market pressure.

The **gradual release** model ensures a sustainable flow of support to partner organizations while protecting the long-term value of WAWA.

## **WAWA Token distribution.**

The WAWA Token distribution is designed to ensure sustainable growth and community engagement.

- 10% is allocated for the Private Presale, offering early supporters an opportunity to get involved.
- 30% of the supply will be released through the ICO, divided into 3 levels of 10% each, with each phase lasting 3 weeks to encourage gradual adoption.
- 10% for Animal associations.
- 15% for development and audits
- 15% for marketing, ensuring WAWA gains visibility across platforms.
- 15% will be used to provide extra liquidity on DEXs such as Uniswap.
- 5% for Management

This balanced repartition fosters transparency and aligns with WAWA's vision of growth and meaningful contributions to dog shelters and associations helping animals.
